

## HUDSON RIVER HAPPENINGS & INTERCLUB INFORMATION EXCHANGE

Compiled by the HRBYCA

<https://www.hrbyca.org> v 2022.07.04

### In case you missed it ...

Dear HRBYCA members,

It is with great pleasure that we announce new boating docks at the Dobbs Ferry water front park. The HRBYCA worked with the Mayor and Village Administrator, Ms. Melissa Ferraro, to offer free dockage.

As we know, in the past years, river access has been taken away from boaters. Support their efforts and visit

the Village of Dobbs Ferry. Hudson Social and Half Moon restaurants are a 3 minute walk.

We also want to help your community in offering boating docks to the public. Contact us for help in working with your civic leaders to offer river access to the public. If you don't ask....you don't get.

The HRBYCA wishes you all a safe and

Happy July 4th weekend.

Fair winds and following seas,

Jerry Silverman/President HRBYCA

---

## 2020 Exhibit - "Mary Powell: Queen of the Hudson"

Built in 1861, decommissioned in 1917, and scrapped between 1919 and 1921, the Mary Powell remained a Hudson Valley constant during a period of incredible social and technological change in the United States. She saw the duration of the Civil War, the industrial revolution, the Gilded Age and Progressive Era, and the start of the First World War. Called "Queen of the Hudson" before construction was even completed, the Mary Powell became an iconic symbol of "America's Rhine." Operated for most of her career by one enterprising family - the Andersons - Mary Powell also represented the best of Hudson River travel - the speed, elegance, safety, and attention to detail that made travel by water preferable for many throughout the 19th and early 20th centuries.

This exhibit will highlight original artifacts from the Mary Powell and place her in historical context with a comprehensive timeline of Hudson River Valley and national history throughout her career. Special emphasis will be placed on the people who experienced her first-hand, from the Anderson family (including canine mascot Buster) and crew, to the local residents and tourists who composed poems eulogizing her "death" as she was scrapped.

The physical exhibit is on view now at the Hudson River Maritime Museum. Plan your visit.

## **“Hudson River Day” at the Croton Yacht Club is Back!**

After a two-year postponement due to the pandemic, The Croton Yacht Club is happy to announce it is resuming its annual “Hudson River Day” celebration on Saturday, September 10th, from 11 AM - 4 PM at the Croton Yacht Club located at 6 Elliott Way in Croton-on-Hudson. The mission of the event is to promote interest in the history and ecology of the river, to cultivate future local environmental leaders and to promote, enhance and protect river related recreational resources.

There will be events and exhibits throughout the day targeting both children and adults, focusing on the history and ecology of the river.

Events and exhibits will include: a seining exhibition where local marine life will be captured, displayed and later released; viewing tanks where local marine life can be identified and observed; hands-on exhibits for children such as toy sailboat making, fossil making; sail boat rides, and local artist displays and sales.

Free sailboat rides, will be offered by Ferry Sloops aboard their 22’ sloop-rigged Catboat the “Whimbrel” on a first come first served basis. The sails will depart at 11AM, 12PM, 1PM, 2PM and 3PM. Guests can sign up at the Ferry Sloops table in the tent beginning at 10:00AM for any of the day's scheduled sail times. Limit of 4 passengers per sail. Passenger age requirement: must be at least 12 years old, under 18 years old must be accompanied by parent or adult guardian.

There will also be a youth fishing clinic and contest sponsored by the Hudson River Fisherman’s Association and the Yacht Club. Volunteers will be present during the hours of 11:30 AM and 3:30 PM and provide the use of fishing equipment and bait, free of charge. Fishing rod and reel combinations will also be awarded as prizes. All youths wishing to fish at the Yacht Club must be accompanied by an adult.

The Croton Yacht Club looks forward to coordinating this event because it provides the membership and local exhibitors the opportunity to share their river related knowledge and expertise with the community, especially the children. The organization realizes that only through this transfer of knowledge can it safeguard the future of this great resource, the Hudson River.

Food and beverages will be available including the best fish chowder on the Hudson. Admission is free so please come and join us in a fun filled, educational and family focused event you will surely enjoy. Environmental organizations, local craft vendors and artists are welcome. For additional information please contact Dennis Kooney at [dennis@kooney.net](mailto:dennis@kooney.net) or call 914-271-6384.
